

will extrude easier than unmodified TPU shown in Figures 3, 5, and 7 respectively.

Figur 1: Ester TPU, hard segm nt content 58.9% with no CRC

5

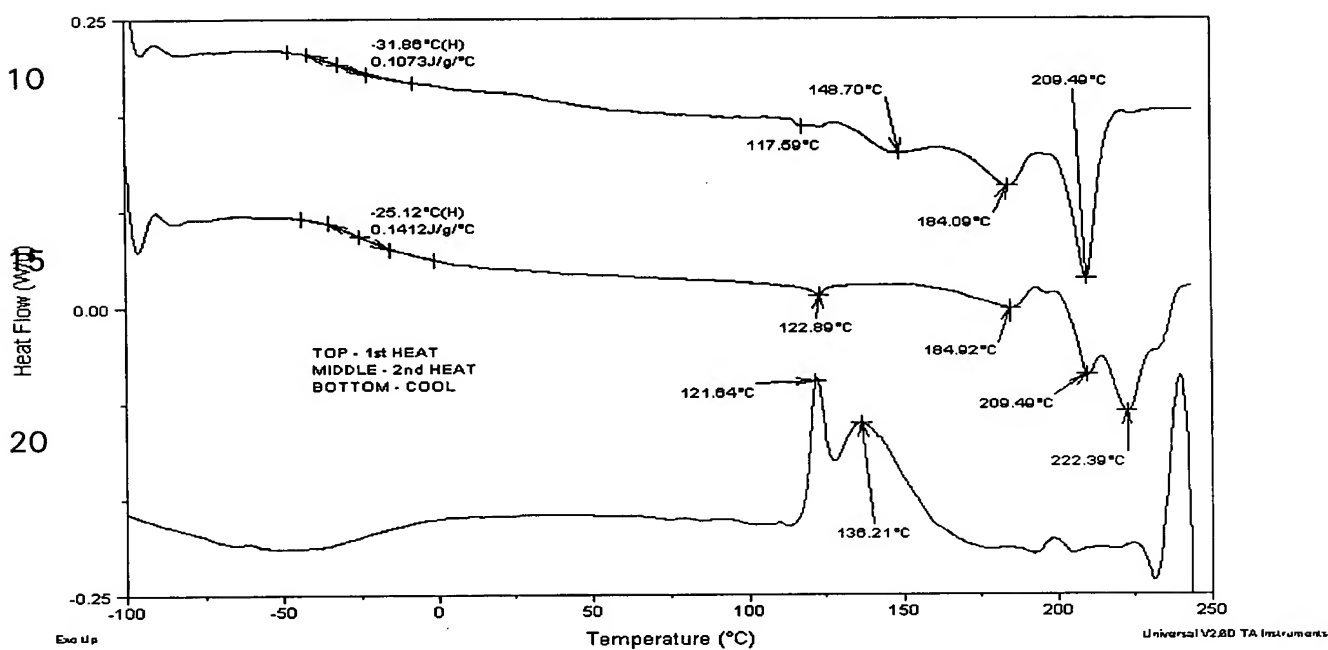

Figure 2: Ester TPU, hard segment content 59.7% with 10 Equivalents of CRC

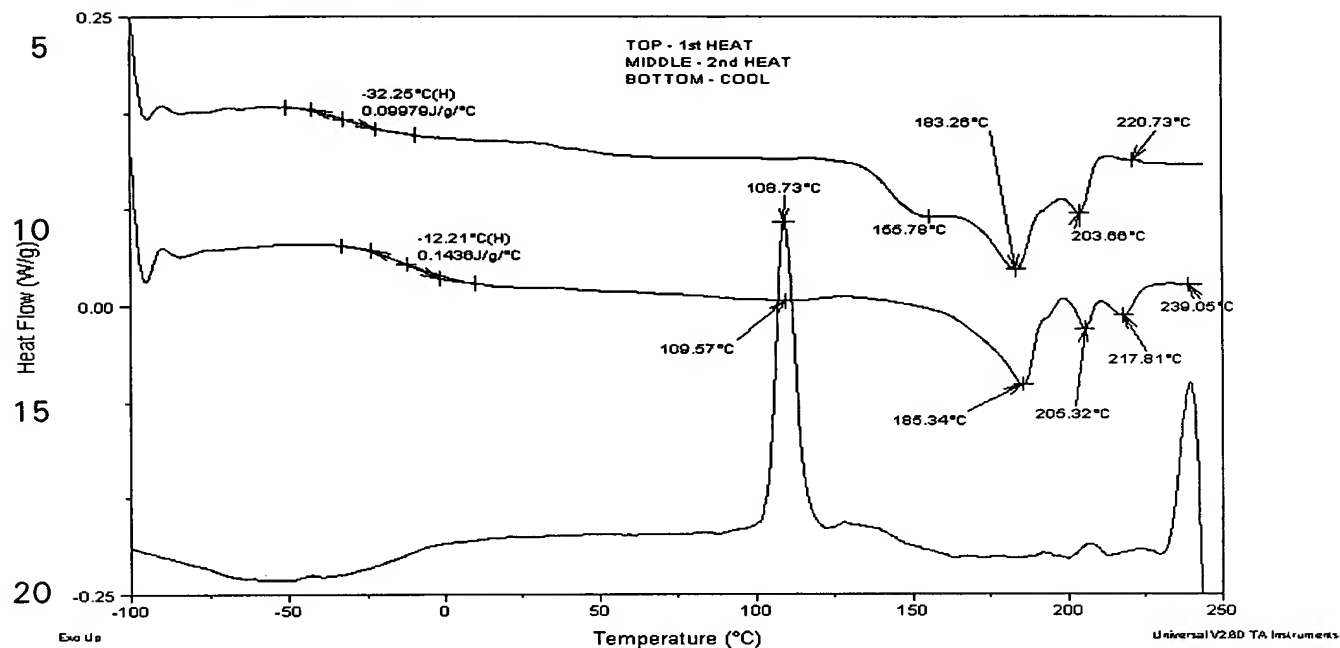

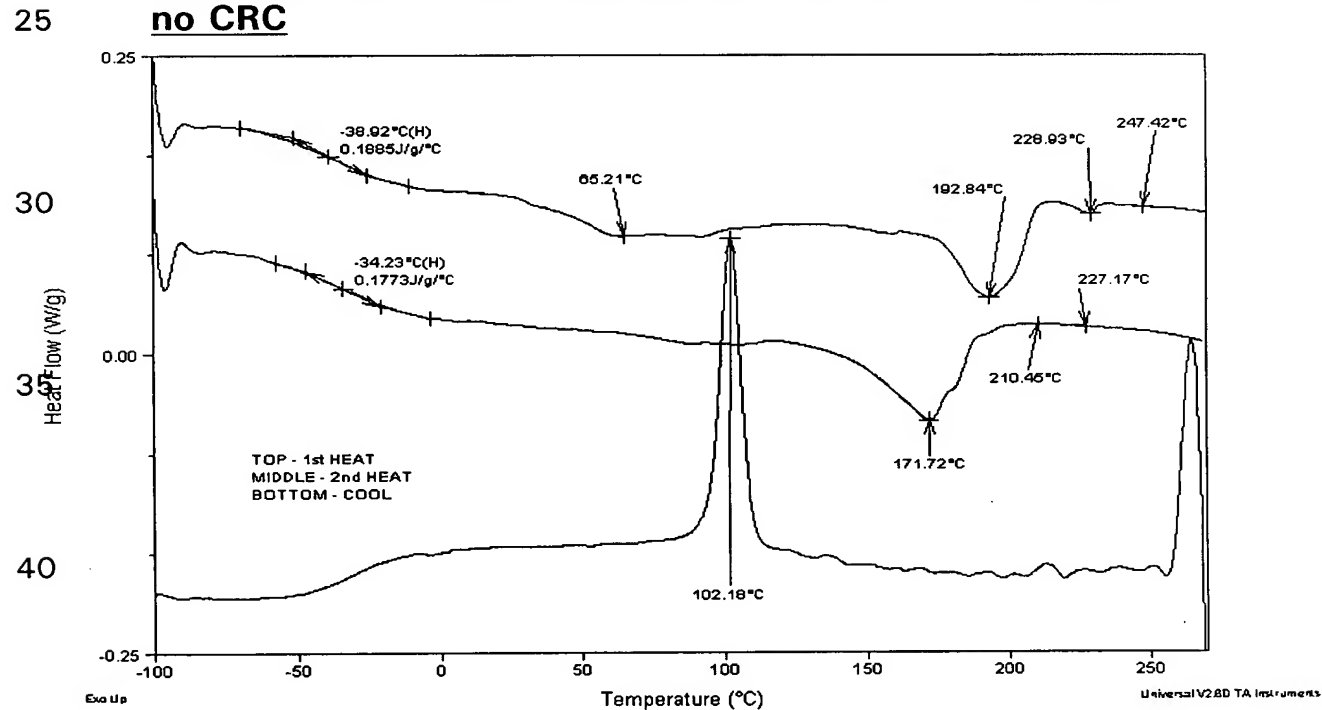

Figure 3: Ether TPU, hard segment content 52.4% with no CRC

**Figur 4: Eth r TPU, hard s gment cont nt 54.2% with
8.8 Equival nts of CRC**

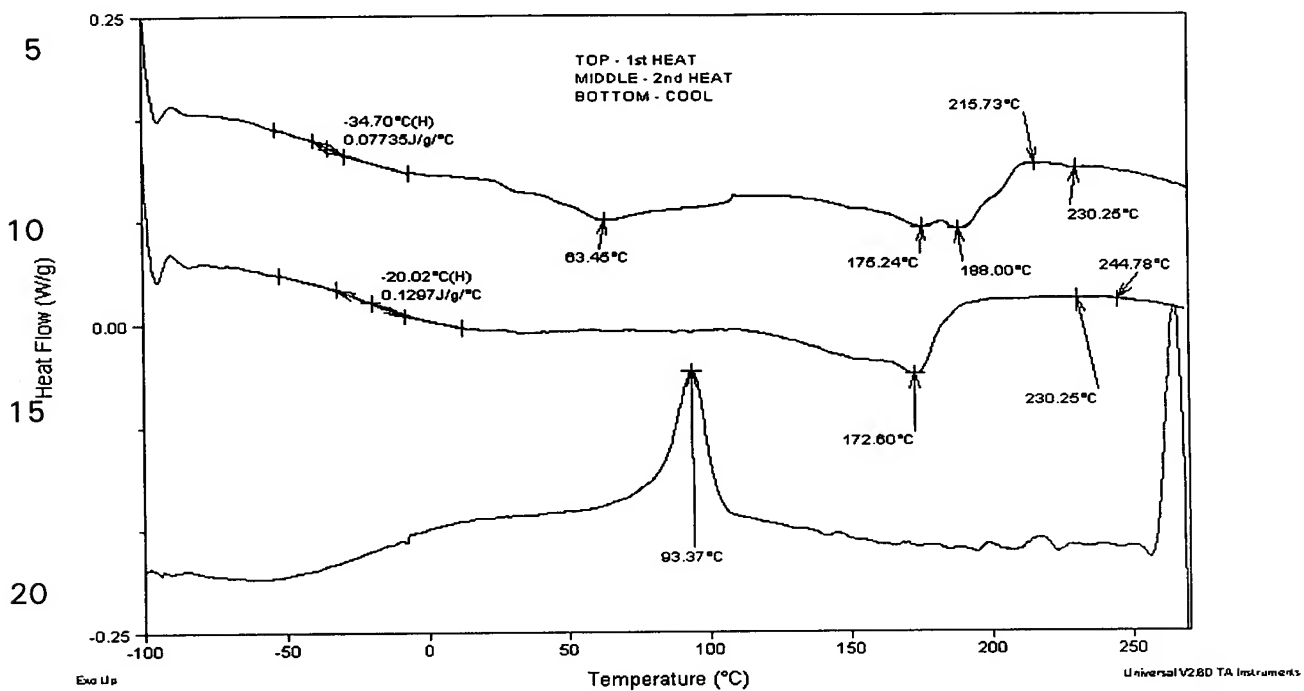

Figure 5: Ester TPU, hard segment content 48.4.9% with no CRC

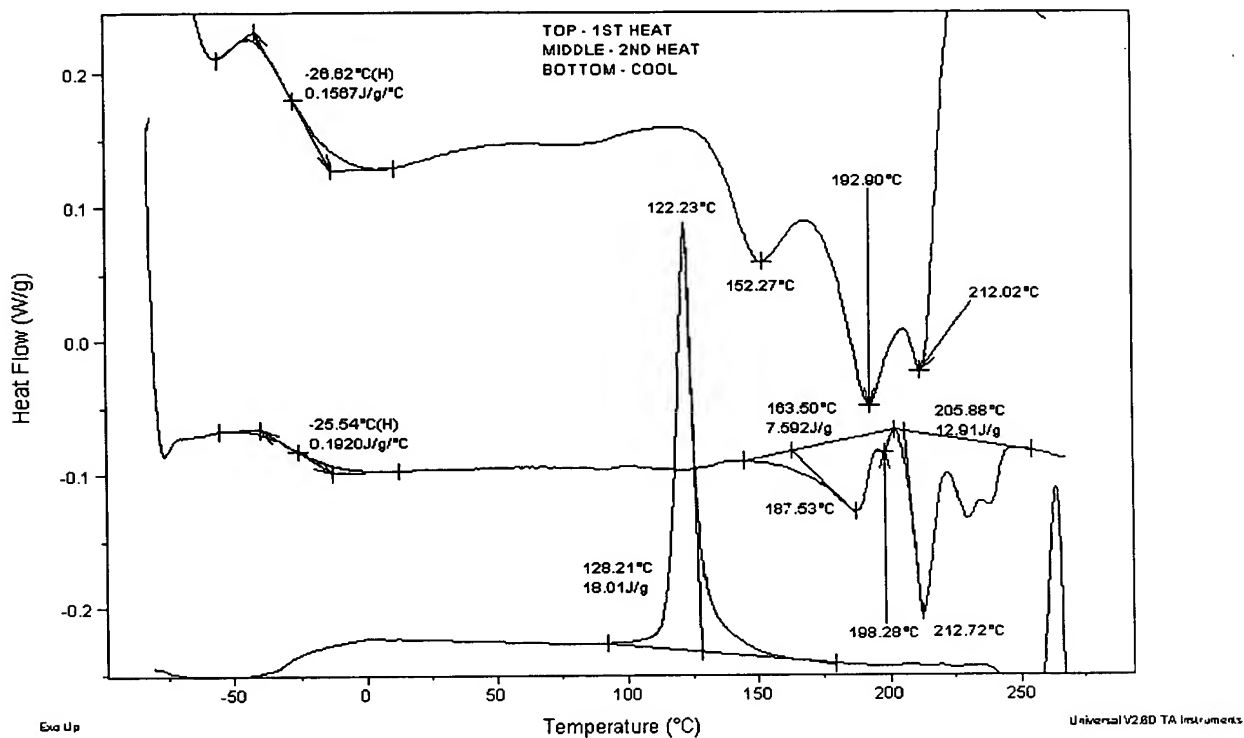

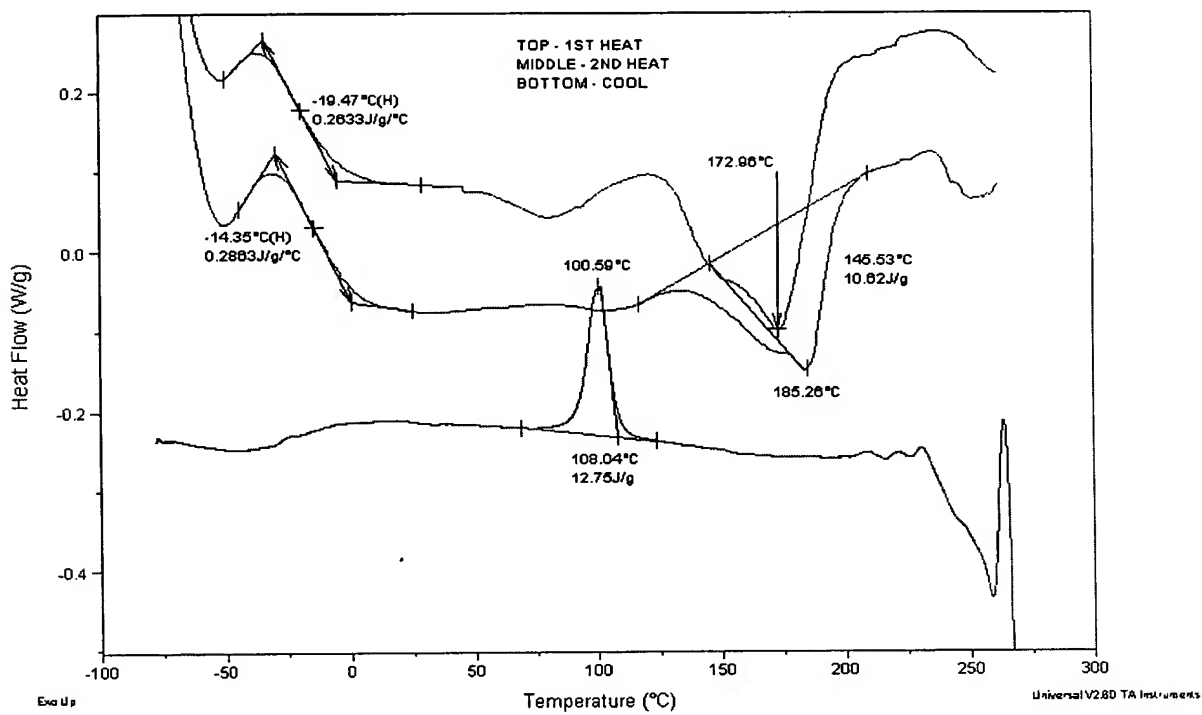

Figure 6: Est r TPU, hard s gment cont nt 54.6% with
10 Equivalents of CRC

5
